NavianHawaii.org

President's Message

Reset. Refocus. Reignite.

In November of 2019, Hospice Hawaii was renamed Navian Hawaii. A combination of the words, navigator and guardian, Navian is a modern take on the critical roles each staff member performs. As navigators, the Navian ohana provides clarity and guidance through times of uncertainty. As guardians, we care for people and protect their wishes.

While all of the elements were in place for a successful launch, everything came to a screeching halt in March 2020 when the Covid-19 pandemic hit. After being dark for more than two years and then having to endure a volatile post-Covid return, it's time for a reset.

We are starting anew to educate the community that Navian Hawaii is an evolution of Hospice Hawaii, with more than 40 years of experience providing the highest quality, compassionate care to patients and their families.

We are refocusing our efforts to communicate our key pillars of service: Hospice Care for those with life-limiting illnesses and Integrated Care for people living with serious but curative illnesses.

And, we are reigniting the passions of our team and of our supporters as brand ambassadors by asking you to share the positive works of our organization in support of our mission to bring, hope, reduce fears and impact lives.

Despite our new name, our mission, our values and our caring heart remain the same. We are committed to joining each person on their life journey, offering relief from suffering, support for the entire family, and hope for a time of compassion and love.

Won't you join us as we reset, refocus and reignite to improve the lives of Hawaii's people and navigate in the direction of hope?

Tori Abe Carapelho
President & CEO

An organization that helps thousands in Hawaii now needs help – from you

Even though we changed our name to Navian Hawaii in 2019, there is still disconnect within the community. People are not making the connection that Navian Hawaii is the same local nonprofit organization that got its start more than 40 years ago and

continues to provide quality hospice care.

This is where we need your help as an outstanding community member. How you might ask? Simply spread the word about our organization! Here are some starters:

“Did you know Hospice Hawaii changed its name to Navian, which is a combination of the words Navigator and Guardian? In addition to providing hospice care, they also provide integrated care for those with a serious illness but still able to seek curative treatment. ***”***

“Did you know that Navian Hawaii is a local nonprofit with more than 40 years of experience in our community? This means they will help anyone eligible for hospice, regardless of their ability to pay. ***”***

Why is this so important? There are many people within the local community who are missing out on our services and care because they don't realize we are the same trusted organization that got its start 44 years ago to make the end of every journey as beautiful as the beginning. We're still here to bring hope, reduce fears and impact lives by providing education, cultivating acceptance and guiding patients and their families through wherever they might be on their journeys.

By helping spread the word, you are helping us reach more patients and their loved ones in need – and helping all those people through life's challenges. One half of our organization is our dedicated staff and volunteers. The other half is people like YOU, who can help educate the local community and those in need about the important work we do.

***Be a part of the solution and
help us grow our Navian Hawaii ohana!***

Patient Story: From James Bukes

Son of patient Catherine Bukes

“ Overall, the healthcare has been tremendous - from the bathers to the nurses to the physicians and the nurse practitioners to the people who call me weekly. The professionalism with Navian has been second to none. We know our Mom is as comfortable as she can be in this phase of her life. Navian has seriously impacted us by providing healthcare to our Mother. Before Navian, we had a difficult time getting in touch with providers. Navian is AVAILABLE. Anytime we ever have a question, we get an answer quickly. Questions about morphine, questions about oxygen. It's comforting to know that we can call and get an answer anytime. ”

Hospice Care

For many years, hospice was synonymous with the end of life. While related, hospice care is much more than living out your final days in comfort. It is also about celebrating the joys of life, creating fulfillment, supporting patients' loved ones and bringing hope to all. Navian Hawaii's Hospice Program provides relief from

suffering, with an interdisciplinary team of professionals who support and promote the quality of life for individuals with life-limiting conditions. The goal of our program is to work closely with patients, their families and physicians to ensure every physical, emotional, social and spiritual need is met.

Pediatric Hospice Manaolana Keiki

Hope for the Children

Comfort in a Box

Navian Hawaii's pediatric team created bereavement boxes and sibling comfort kits to help families grieving the loss of a child and sibling. The boxes are priceless keepsakes and include the child's handprint and footprint as well as a precious lock of their hair. The sibling box provides materials for art and play to give children a safe outlet to express their feelings. The loss of a child is unimaginable but having the support of others during this difficult journey can make a big difference in a family's experience.

Pediatric Hospice

Hospice care isn't just for the elderly. It is for anyone facing a life-limiting illness, including children. Navian Hawaii's Manaolana Keiki was the very first pediatric hospice program in the state addressing the specific needs of terminally ill children and their families. The program provides the highest level of comfort and care based on the unique needs and age of each child.

Mahalo to Friends of Hawaii Charities and the George Mason Fund for their generous support of Navian Hawaii's Manaolana Keiki pediatric hospice program.

FOUNDATION

Patient Story: From Jimmy Shiramizu

Husband of patient Mae Shiramizu

“ My wife, Mae, had cancer three times and I’m not very familiar with elderly care, so having her on Navian Hawaii’s Integrated Care program has been helpful in keeping her stable and preventing pain and issues. The nurse would come to visit every month to check on her health, and whenever I have any questions I always know I can call [Navian Hawaii]. ”

Integrated Care

To assist individuals at every stage in life’s journey, Navian Hawaii offers specialized medical and emotional support for patients living with serious, but treatable illness. Seriously ill patients who live alone and have limited resources and caregiver support may find it difficult to navigate Hawaii’s complex

healthcare system. Our Integrated Care program alleviates the challenges and helps end the vicious cycle of unmet care needs that often leads to hospitalization. Our dedicated team provides disease process education, emotional support, advanced care planning and more.

Kailua Hospice Home

Our Kailua Hospice Home provides a home-away-from-home for patients who may need the extra support. Sometime, it's because they are no longer able to receive care at their own home. Other times, it's so they can give their caregiver a much-needed break. Regardless of the situation, the home is designed to provide comfort and care with its beautifully appointed living areas, landscaped yard and around-the-clock nursing care. In 2022, Navian Hawaii completed the purchase of the Kailua Hospice Home and has future plans to modernize and renovate the property.

2022 Community Impact

Nearly 800 patients
received care from Navian Hawaii

Over 1,300 individuals
received
Bereavement Support

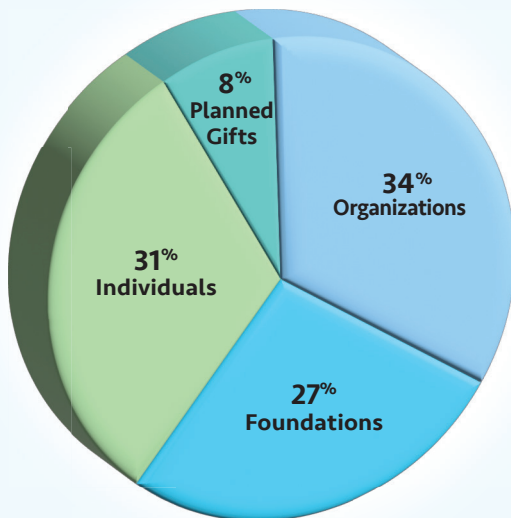

We helped families and individuals in the community deal with grief and the loss of their loved ones.

Uncompensated Care
\$100,000+

We offered charity care to patients to provide non-insured and non-reimbursable services.

Sources of Funding

2,500
Volunteer Hours

40+
Number of Volunteers

1,230
Donors

Received over \$1,600,000 in Community Contributions

Community support and donations enable us to serve our patients and help navigate them along their journey in living life to the fullest.
